

REMARKS/ARGUMENTS

Applicant believes that submission of this *Amendment to the Brief Description of the Drawings* completes the requirements set out in both the original *Notification of Missing Requirements* (dated June 5, 2008 – to which the Applicant responded on June 19, 2008) and in the later-mailed *Notification of Defective Response* (dated July 10, 2008). The *Notification* indicates that the originally filed *Translation of the Application into English* is defective because the "brief description of the drawings [is] missing for some of the drawing figures that have a & b figures". The descriptions of the drawings (a and b) have therefore been revised per the requirements. In addition, minor revisions to the text of the descriptions to the drawings have been made to correct errors in grammar and for the sake of clarity.

If further discussion of the missing requirements is warranted, you are urged to contact the undersigned at the address and / or telephone numbers indicated below.

Applicant is a **Large Entity**. In compliance with 37 CFR 1.16(e) and 37 CFR 1.27, you are hereby authorized to withdraw from our Deposit Account, No. 02-0400, the required late filing surcharge of **\$130.00**, and to include any other fees which may be due at this time. **When identifying such a withdrawal, please use our Attorney Docket No. BER-102.**
